

European Tree Frog

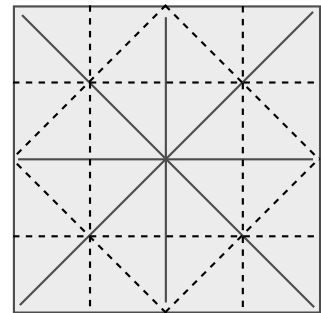

Designed by: Barth Dunkan.
Diagrammed by: Swapnil Das.
Difficulty: Intermediate.
Enjoyable: Very! ^ _ ^

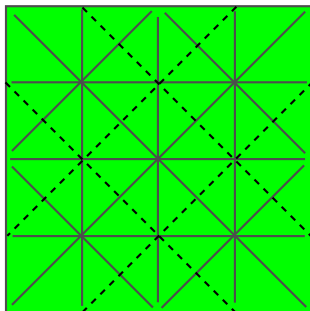

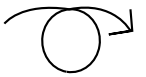

1. Use green paper colored on both sides. But I'll draw duo-paper for clarity's sake. Fold and unfold.

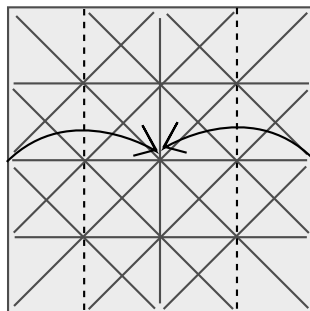

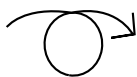

2. Book-fold and unfold.

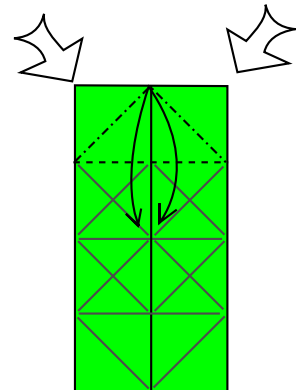

3. Pre-crease madly!
Turn over gently...

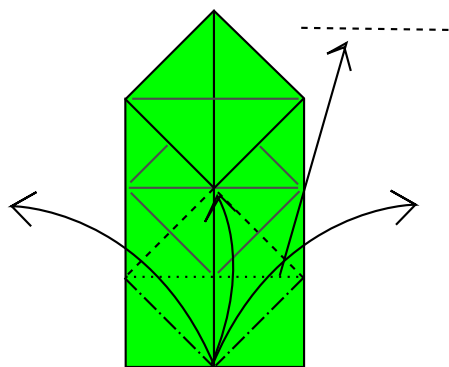

4. Precrease madly!
Turn over gently...

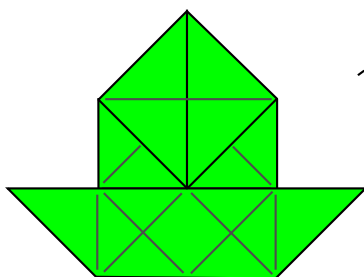

5. Valley-fold on existing creases.

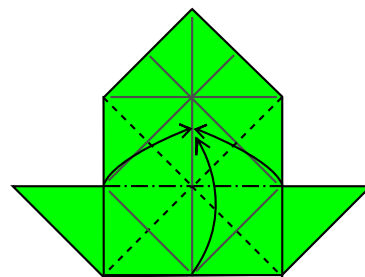

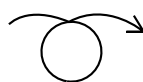

6. Squash-fold on existing creases.

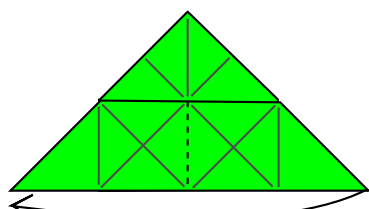

7. Like this.
Now do another
Squash like fold
on the bottom.

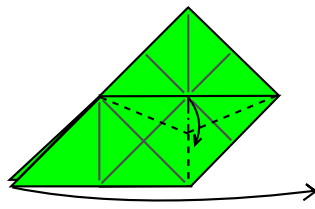

8. Now turn over.

9. Form a Water-Bomb base using
existing creases.

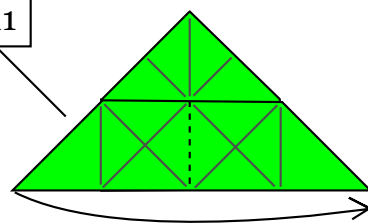

10. Valley-fold the flap
over.

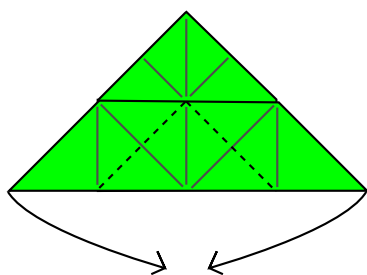

11. Fold the flap back over.
But this time, include a
reverse-fold.

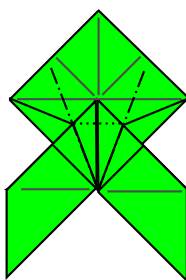

10-11

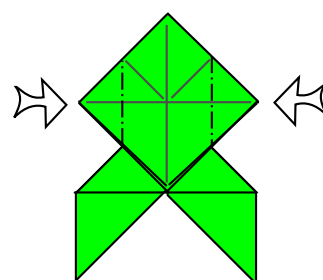

12. Repeat on the left side.

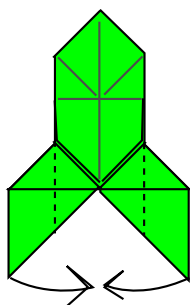

13. Valley-fold the legs.

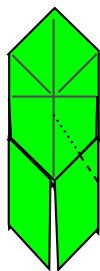

14. Inside-Swivel-fold.
Turn over.

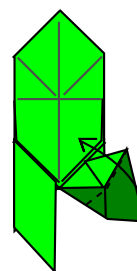

15. Open-Closed-Sink
triangularly. (Hands will
be free)

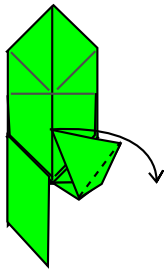

16. Valley-fold the legs.

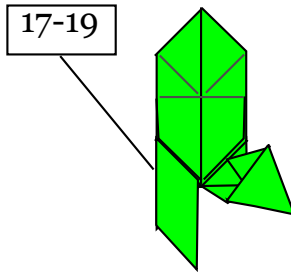

17. Fold out one layer
only. There's no reference.

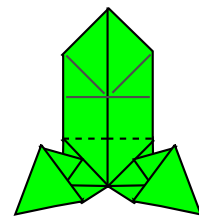

18. 3-D! Squash the leg.

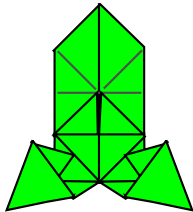

19. Valley-fold the leg.

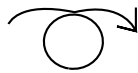

20. Repeat steps 17-19 on the other side.

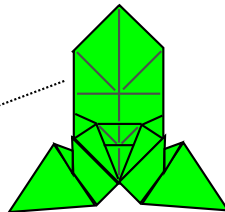

21. Valley-fold to make the hands.

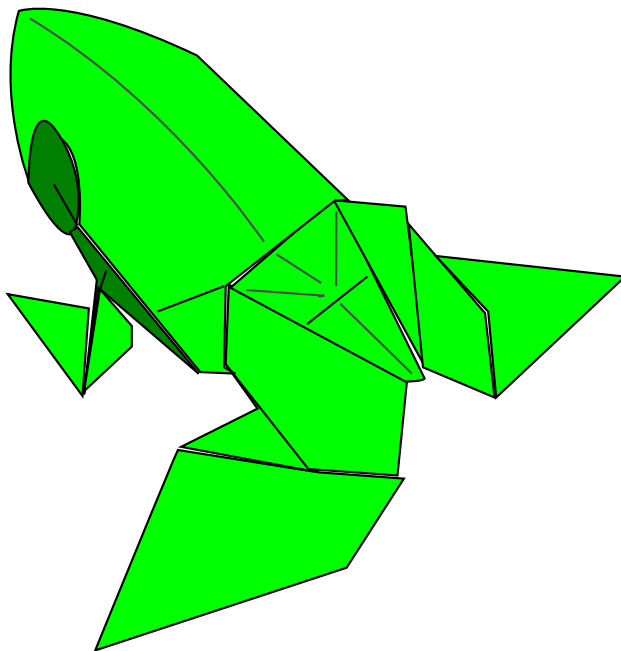

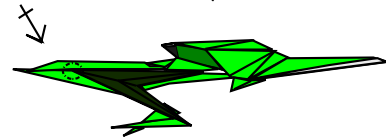

22. Turn over.

23. View from the side.

24. Closed-sink to form the eye. Repeat behind. Back to normal view. I couldn't draw this step so nicely. Sorry. :(

25. European Tree Frog completed!!
Now it can leap around your room!
